DELIVERIES AND PERFORMANCE

I. TERMS OF INDEFINITE QUANTITY CONTRACT:

The duration of the contract is for a two (2) year period beginning with the date of the first order through two years thereafter.

II. ITEM AVAILABILITY:

The contractor shall stock items in sufficient quantities to fill all ordering activity requirements. It is critical that items ordered be routinely delivered the second day after transmitting the order. Longer order lead-time shall be accommodated for activities requesting delivery in three or more days from date of order.

III. POINT OF DELIVERY:

1. Deliveries shall be F.O.B. Destination to all ordering activities and delivery points. All items will be delivered to loading platform (unless otherwise noted), free of damage, with all packaging and packing intact. Deliveries shall be made anywhere between 5:00 AM and 5:00 PM, depending on the individual requirements of each customer.

2. Deliveries shall average three times per week to each customer, unless less frequent stops are agreed upon by the customer and the contractor. Certain customers, such as hospitals and other facilities serviced may require more frequent deliveries due to such factors as less storage capacity. Saturday deliveries may occasionally be necessary, and can be agreed upon by the contractor and the customer.

3. Installation delivery routes and stop-off sequence will be coordinated and verified with the installations on a post-award basis by the contractor.

4. Contractors should be aware that projected feeding strengths at each military location are subject to fluctuations based on a variety of factors, i.e. seasonal increases/decreases in personnel, surges in personnel during crisis situations or troop transfers. The Customer Service Representative should maintain open communications with the base to be aware of these fluctuations and work closely with customers to provide the increased quantity and frequency of deliveries needed during these critical times.

5. All deliveries are subject to military medical inspection at destination. Delivery vehicles may be required to stop at a central location for medical inspection before proceeding to the assigned delivery point(s).

IV ORDERING SYSTEM

A. Subsistence Total Order and Receipt Electronic System (STORES)

1. STORES is the Government's ordering system which is capable of accepting orders from any of the Services", i.e. Army, Air force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DSCP for the purposes of contractor payment and customer billing.

2. Customers will be able to order all of their milk and dairy requirements through STORES.

3. Initially, STORES Orders will be transmitted via FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement for this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.

4. EDI capability is not a requirement for award under this solicitation. However, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:

832 Catalog (Vendor to DSCP)

850	Purchase Order
997	Functional Acknowledgment
861	Receipt
810	Invoice (optional at this time)

5. It is preferred that the successful vendors have access to the Internet and be able to send and receive electronic mail (e-mail).

6. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government format begins with a broad category and then continues with a more general description. For example, ½ pint of 2% chocolate milk would be described as "Milk, Choc, Reduced Fat, Chl 2% milk fat, ½ pt co."

B. Order Placement

1. Customers shall place orders via STORES to accommodate a "skip-day" delivery. Orders shall generally be sent no later than 2:00 p.m. two days prior to the desired delivery date in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery.

2. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able

to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute of equal or higher quality and equal or lower cost, or advise the customer of its Not-in-stock position.

V. PRODUCT QUALITY

A. All items supplied under this contract and awarded as a result of this solicitation must comply with the Berry Amendment (10U.S.C. Section 2533a) and the provisions of Clause 252.225-7012. These references require that all items supplied under the contract be produced in the United States.

B. Vendors are reminded that the annual Defense Appropriations Act required that all food product be supplied to the military, which are paid for by appropriated funds, must be 100% grown and produced in the United States or its possessions. This would not apply for commissary resale items or for the acquisition of those specific items listed as follows:

Bananas	Beef extract	Beef, corned, canned
Capers	Cashew Nuts	Brazil nuts, unroasted
Castor beans and oil	Chestnuts	Cocoa beans
Chicle	Tea in bulk	Thyme oil

52.217-9P04 SPECIAL PROVISIONS FOR BULK MILK DISPENSING EQUIPMENT (JAN 1992) DSCP

(a) General.

Regulations require that the cost to the government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this offer, the offeror certifies that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) Invoices.

Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) Computations.

Where bulk milk is delivered to contractor dispenser points directly by contractor, delivery by contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) Mixed-Equipment Points.

Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the government, no dispenser charges shall be applicable to, such milk, except as provided below. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of contractor-furnished dispenser spigots to the total number of spigots at such point. (a) North American Industry Classification System (NAICS) Code and Small Business Size Standard.

The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of Offers.

Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for Acceptance of Offers.

The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

52.212-1 (continued)

(d) Product Samples.

When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

(e) Multiple Offers.

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late Submissions, Modifications, Revisions, and Withdrawals of Offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of

the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

52.212-1 (continued)

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract Award (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple Awards.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. ___Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

___Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(3) Any contract resulting from this solicitation will include clause 252.247-7023, Transportation of Supplies by Sea clause. If the Offeror represents that it will not use ocean transportation, the resulting contract will also include the Defense Federal Acquisition Regulation Supplement clause at 252.247-7024, Notification of Transportation of Supplies by Sea.

The following **ADDITIONAL PROVISIONS** are set forth in **FULL TEXT**:

52.233-9000 AGENCY PROTESTS (SEP 1999) DLAD

Companies protesting this procurement may file a protest 1) with the contracting officer, 2) with the General Accounting Office, or 3) pursuant to Executive Order 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office. Protests filed with the agency should clearly state that they are an "Agency Level Protest under Executive Order 12979." (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

**52.216-9P15 ECONOMIC PRICE ADJUSTMENT (EPA) - ESTABLISHED
MARKET PRICE (MAR 2000) ALTERNATE I (MAR 2000) DSCP**

(a) To the extent that contingent cost increases are provided for by this clause, the contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.

(b) This EPA clause applies to Class I Milk only (i.e., milk used in fluid products, including whole, lowfat, extra light, nonfat and half-and-half). Any package sizes other than gallons will be pro-rated based upon the price adjustment per gallon.

(c) Class I milk, as described in this clause, is subject to the regulations of the California Department of Food and Agriculture under the Stabilization and Marketing Plans for Market Milk.

(d) The economic indicator shall be the "State-Wide Average CWT Class 1 Price Based Upon Production", as released monthly by the California Department of Food and Agriculture Dairy Marketing Branch in the "Minimum Prices for Class 1 Market Milk F.O.B. Processing Plant" price letter. (Note: The California Department of Food and Agriculture is not part of the Federal Milk Marketing Order (FMMO) system and maintains its own milk-marketing program).

(e) Price adjustments shall be based on the following:

(1) The "base price" for the purpose of the initial adjustment calculation under this clause shall be the current month price of the economic indicator in effect at

(i) the closing date for proposals, if no discussions are held, or

(ii) the due date for final proposal revisions, if discussions are held.

The "base price" for each subsequent monthly adjustment calculation shall be the adjusting price from the previous month.

(2) The "adjusting price" shall be the monthly price of the economic indicator released following the month used to determine the "base price".

(f) For the purpose of price adjustments pursuant to this clause:

(1) Adjustments will be made in increments of \$0.01 per gallon when and only when the change per gallon in either direction is equal to or greater than +/- \$0.0100.

(2) Adjustments in excess of \$0.0100 per gallon and in excess of \$0.0050 for units other than a gallon (i.e., half gallon, quart, pint and half pint) will be rounded to two decimal places to accommodate systems requirements of the Subsistence Total Order Receipt Electronic System (STORES), as follows:

\$0.0050 to \$0.0099 = \$0.01
 \$0.0100 to \$0.0149 = \$0.01
 \$0.0150 to \$0.0199 = \$0.02
 \$0.0200 to \$0.0249 = \$0.02
 \$0.0250 to \$0.0299 = \$0.03, etc.

(3) One hundred weight (CWT) as used in the price of the economic indicator equates to 11.63 gallons of milk deliverable under this contract.

(g) Promptly following release of the Minimum Price Letter applicable to the following month, the contracting officer shall compute the adjustments, if any, to the current contract prices for the purpose of determining any revised prices applicable to orders for the next month in the manner detailed below:

- (1) Determine adjusting price.
- (2) Determine base price.
- (3) Compute change from base price.
- (4) Convert the price change to price per gallon.
- (5) Compute price change for other units other than a gallon.
- (6) Round price adjustment(s) from lines (4) and (5) to nearest \$0.01 increment (see paragraph (f)(2)).
- (7) Compute adjusted contract unit price(s).

The following sample price computation is an illustration using January as the Base Price and February as the Adjusting Price.

(2) Base Price	\$ 11.98 CWT
(3) Change from Base Price per CWT	\$(0.23)

Price change per quart	\$(0.0049)
Price change per pint	\$(0.0025)

**52.204-9P02 INFORMATION RELATING TO ELECTRONIC DATA
INTERCHANGE EDI) (MAR 1994) DSCP**

(a) Electronic Data Interchange (EDI) is most commonly defined as the electronic exchange of data contained in normal business transactions, between Trading Partners, using a public standard format.

(b) The Defense Personnel Support Center (DSCP) has implemented a system for EDI, using the Accredited Standards Committee (ASC) X12 and/or Uniform Communication Standard (UCS) Standards, as applicable, that will electronically transmit contracts and/or orders for the item(s) covered by this solicitation in addition to receiving invoices and transmitting payments electronically. Our goal is to utilize EDI to the maximum extent possible.

(c) *EDI CAPABILITY IS NOT A REQUIREMENT FOR AWARD UNDER THIS SOLICITATION.* Those offerors who can begin to use EDI should do so at this time. For those offerors who cannot, the mailing of hard copy documents will continue. This is being permitted since this is a transition period between the current methods and the full implementation of EDI technology and procedures. However, even though the current hard copy procedures will be permitted, it is the intent of the Government that eventually all transaction will be via EDI.

(d) When the offeror intends to use EDI in the transmission and/or receipt of business documents--

(1) The offeror shall enter into an EDI Trading Partner Agreement (TPA) with DSCP (see Paragraph (e) below). The EDI TPA defines the responsibilities of the Trading Partners exchanging electronic transactions.

(2) The offeror shall be responsible for providing its own computer hardware and computer software necessary to transmit and receive data electronically under the framework of the EDI TPA.

(3) All terms and conditions which would otherwise be applicable to a paper document shall apply to the electronic document.

(d) An Electronic Data Interchange (EDI) Trading Partner Agreement (TPA) will be provided to the offeror by the contracting officer upon request.

52.232-34 Payment by Electronic Funds Transfer-Other than Central
Contractor Registration. (May 1999)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer

(EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT"

refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor

agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government

makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information.

(1) The Contractor is required to provide the Government with the information required to make

payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information

directly to the office designated in this contract to receive that information (hereafter: "designated

office") by _____ [the Contracting Officer shall insert date, days after award, days before

first request, the date specified for receipt of offers if the provision at 52.232-38 is utilized, or

"concurrent with first request" as prescribed by the head of the agency; if not prescribed, insert "no

later than 15 days prior to submission of the first request for payment"]. If not otherwise specified in

this contract, the payment office is the designated office for receipt of the Contractor's EFT

information. If more than one designated office is named for the contract, the Contractor shall provide

a separate notice to each office. In the event that the EFT information changes, the Contractor shall

be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall

specifically state the applicability of this EFT information in terms acceptable to the designated office.

(52.232-34 continue)

However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated

Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or

the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in

31 CFR part 210.

(d) Suspension of payment.

(1) The Government is not required to make any payment under this contract until after receipt, by the

designated office, of the correct EFT payment information from the Contractor.

Until receipt of the

correct EFT information, any invoice or contract financing request shall be deemed not to be a proper

invoice for the purpose of prompt payment under this contract. The prompt payment terms of the

contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall

begin using the changed EFT information no later than 30 days after its receipt by the designated

office to the extent payment is made by EFT. However, the Contractor may request that no further

payments be made until the updated EFT information is implemented by the payment office. If such

suspension would result in a late payment under the prompt payment terms of **this** contract, the

Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT

information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was

(52.232-34 continue)

incorrect, or was revised within 30 days of Government release of the EFT payment transaction

instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously

directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make

payment and the provisions of paragraph (d) shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in

accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction

released to the Federal Reserve System, the date specified for settlement of the payment is on or before the

prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal

Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in

the assignment of claims terms of this contract, the Contractor shall require as a condition of any such

assignment, that the assignee shall provide the EFT information required by paragraph

(j) of this clause to

the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects,

the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that

shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper

assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of

paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting

from changes to EFT information provided by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment

information that is suitable for transmission as of the date of release of the EFT instruction to the Federal

Reserve System. The Government may request the Contractor to designate a desired format and method(s)

(52.232-34 continue)

for delivery of payment information from a list of formats and methods the payment office is capable of

executing. However, the Government does not guarantee that any particular format or method of delivery is

available at any particular payment office and retains the latitude to use the format and delivery method

most convenient to the Government. If the Government makes payment by check in accordance with

paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) EFT information. The Contractor shall provide the following information to the designated office. The

Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The

Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT

information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor

official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, saving, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and

9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer

payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and,

therefore, not the receiver of the wire transfer payment.

SUBCONTRACTING PLAN

SMALL BUSINESS OFFICE

The attached guide was developed as a checklist to be used by contractors in the preparation of a small business and small disadvantaged business Subcontracting Plan in accordance with the provisions of Public Law 95-507. The guide addresses the six mandatory elements of a Subcontracting Plan as set forth in FAR Clause 52.219-9(d) and supplemental information required by Section 1207 of P.L. 99-661, Contract Goals for Minorities. It is intended as a tool to assist contractors in the development of an acceptable Subcontracting Plan and to facilitate the review by the Contracting Officer, the Defense Personnel Support Center (DPSC), Defense Contract Management Area Office (DCMAO) small business specialists and the Small business Administration procurement center representative.
